“Alverno’s younger alums can give back in so many ways and bring so much energy to alumnae initiatives. Many of us are busy but love to volunteer our time and fresh ideas and to encourage other alums to give monetarily along with us. In conversations with many young alums, I find we all embody the spirit of Alverno.”—Jessica Gamez ‘11

The Young Alum Club truly embodies the spirit of Alverno. Since its inception, the Young Alum Club has grown in numbers and enthusiasm. The group abounds with excitement around actively networking with one another through events both on campus and off. They also have a passion for giving back and are excited to do anything they can to call attention to what makes Alverno great.
